EDUCATION

International Institute of Professional Studies, Devi Ahilya University   📍 **Indore, Madhya Pradesh**
Master of Computer Application(5 year), CGPA : 7.9/10   📅 2020 – *2025*

Shree Saraswati H. S. School   📍 **Indore, Madhya Pradesh**
Class 12th in PCM, Percentage : 78%   📅 2019 – *2020*
Class 10th, Percentage : 93%   📅 2017 – *2018*

EXPERIENCE

Techritzy Pvt Ltd   📍 **Indore, Madhya Pradesh**
Python Developer Intern   📅 Oct 2023 – *Present*

- Performed extensive data extraction from online e-commerce platforms, specifically scraping data from AJIO and TataCliq, to compile category and brand-specific information for a client's comparative price study.
- Collaborated and engaged with cross-functional teams throughout the end-to-end software development project lifecycle, encompassing design, coding, testing, deployment, and implementation.
- Managed MySQL database operations, including schema design, implementation, configuration and table normalization, ensuring optimal performance and reliability.
- Conducted industrial training sessions for new employees (Newbies) at Techritzy Pvt Ltd, specializing in Python concepts.

PROJECTS

Random-Database-Generator

- **Description:** Designed and developed a database generation tool simplifying custom database and table creation. Users input the database name, define the number of tables, and specify table names and column details. The tool automates table creation and populates them with dummy data for efficiency. *[GitHub Repository](#) [Medium Blog](#)*
- **Technologies Used:** HTML, CSS, Python, Faker, Flask, MySQL.

AJIO Web-Scraper

- **Description:** Implemented a web scraping project to extract valuable data from the Ajio e-commerce platform across diverse fashion categories. The primary focus was on gathering information about products in sections such as boots, heels, jackets, jeans, kurtis, shirts, and shoes. *[GitHub Repository](#)*
- **Technologies Used:** Python, Ajio's web API, Modules(request & csv).

SKILLS

- **Programming Languages :** Python, JavaScript.
- **Web Technologies :** Flask, HTML, CSS.
- **Database :** English (basic), Hindi (native).
- **Languages :** English (basic), Hindi (native).
- **Version Control :** Git, GitHub.
- **Developer Tools :** Sublime Text, Visual Studio Code.
